Potatoes  
Blackberries

(all fresh produce is subject to availability)

## PLOUGHING TIME OF YEAR

The annual ploughing matches are a tradition that date back many hundreds of years and they still take place throughout the country.

Matt Rowland from the farm went along to a ploughing match at Raglan to practice his skills.

Land is ploughed in order to turn over the upper layer of the soil, bringing fresh nutrients to the surface, whilst burying weeds, the remains of previous crops, and both crop and weed seeds, allowing them to break down. It also provides a weed-free medium for planting the next crop.

Without the plough we wouldn't be able to run our organic farm on the scale that we do today.

### NEW ARRIVALS

Calves are born all year round here on the farm but the last few months have been particularly busy for 'our girls', with over 100 calves born since mid-July.

Don't forget when you go to bed on Saturday 25th October to put your clocks back an hour when Daylight Saving Time ends. That means an extra hour in bed, even for us farmers!

As the weather gets colder we'll be bringing the whole herd indoors for the winter months and you'd be most welcome to come and have a look - just ask at the Farm Shop for details.

### ANOTHER AWARD

We are very proud to be runners up for the Sustainable Farmer of the Year in the National Farming Awards which were presented by *Great British Bake Off* TV personality, Sue Perkins, at The Grosvenor Hotel in London. This prestigious annual event is *The Oscars* of the Farming world.

We've also got some new cheeses in our Deli: Applewood Smoked Cheddar and Five Counties cheese - a colourful combination of Derby, Red Leicester, Cheshire, Double Gloucester and Cheddar.

### NEW OPENING TIMES

We're going to be open 7 days a week from November:  
Monday - Saturday  
9.30am - 5.30pm and  
Sunday 10am - 4pm.

Kind regards,

Lyndon, Maria, Harriet & our award winning team
