## THOSE WERE THE DAYS!

1966

### NEW MURALS

We've got photographs that we've taken on the farm dating back to the 1960s when it all started and we've blown a number of them up to share with you. You'll find them on display along the walls of the Café and Farm Shop, as well as on our website, together with a new plaque detailing the history of the farm.

It's amazing how the technology and the size of the machinery has changed over the years.

### DANCING COW DAY

The dairy farmers' favourite day of the year is the day that we let the milking herd back into the fields after spending the winter indoors.

They skip, jump, frolic and play and we'd love to share the moment with you.

It will be happening sometime between the end of February and mid-March and we'll keep you updated via the shop, our database and social media of the exact date, time and location.

### CAFÉ & DELI - NEW ARRIVALS

Our new vegetable lasagne is proving to be an absolute winner and joins other favourites like bread pudding, steak & stilton and cheese & onion pasties, all lovingly made in our kitchen.

### COMFORT FOOD

It's that time of year when everyone is talking about 'comfort food' and beef is such a versatile meat for any dish. Steak mince and stewing steak are such great value for money for country stews, casseroles, hotpots, burgers, bolognese, moussaka, stroganoff, goulash to name just a few.

We've got lots of free recipe ideas available on our Butchery counter, but if you have any of your own we'd love to hear from you.

### VALENTINE'S DAY

Valentine's Day is on a Sunday this year so why not make it a lazy day together and cook up that romantic meal for two at home.

We've got absolutely everything you'll need, including chocolates and champagne, to make this memorable day extra special!

Kind regards,  
Lyndon, Maria, Harriet & our award winning team

### MUDDY THE TRACTOR RENOVATION

Working daily on a nearby farm since 1961, Muddy came to us last summer in semi-retirement and we're bringing him back to his former glory. During the winter months his brakes, hydraulics and electrics have been refurbished and rebuilt, bodywork repaired and resprayed and new wheels and tyres fitted.

Muddy is expecting to be back at the shop in the Spring and is looking forward to seeing you again.
