PLOUGH THE FIELDS AND SCATTER

DANCING COW DAY

It was a great pleasure to be able to share Dancing Cow Day with you. It's the dairy farmers' favourite day of the year - the day that we let the milking herd back into the fields after spending the winter indoors. We couldn't believe the interest when over 60 people turned up to witness this amazing spectacle for themselves at 12 noon on Saturday 19th March. The video that we posted on Facebook of the cows skipping, jumping, frolicking and playing went viral and to date has received 29,000 hits!

VINTAGE PLOUGHING

We were delighted to host a ploughing match for the local Vintage Tractor Club who invited members of neighbouring clubs to come along and show off their ploughing skills. We're still putting the finishing touches to Muddy, our own vintage tractor, so he was very disappointed not to be able to take part and meet up with some old friends. More about Muddy's refurbishment in our May Hanley Moos.

SEED DRILLING

With Spring well and truly in the air and the days drawing out its all

hands to the deck on the farm for seed sowing (farmers call it drilling) and we're currently planting barley and peas which we're hoping to harvest in August, all being well.

Kind regards,
Lyndon, Maria, Harriet & our award winning team
