**WE'RE COMBINING ON THE FARM**  
It's the time of year when the fragrant smell of combining is in the air.

We're cutting barley and peas which we roll to make the grain easier to digest then feed it to our milking herd.

Its very similar to a highly nutritious breakfast cereal.....all the cows have to provide is their own milk!

**CALF NURSERY**  
We're making modifications to the calf sheds at the moment by installing calf-size shelters for all of our new arrivals. The shelters look just like little mobile homes and the calves love them.

We're always more than happy to answer any questions that you may have about where your food actually come from. You only have to ask.

**WINE BY THE GLASS IN OUR CAFE**  
As well as ciders and ales, we're now selling Williams Chase Collection wines by the glass in our Café.

The family-owned Chase Distillery is housed in a converted hop-kiln barn nestled amongst 400 acres of Herefordshire countryside where they turn their organically grown produce into award-winning single-estate vodka and gin.

Head winemaker, Dale Clarke has been making exceptional wines all over the world for many years and shares William Chase's passion to create the finest wine possible for the Williams Chase Collection. A 175ml glass of white, red or rose is only £3.85. Ask for a taster sample before you buy.

Bottles of the Williams Chase Collection wine are

available to purchase in our shop as well as Chase vodka and gin which compliments our huge range of wines, ciders and ales from other local makers and suppliers.

Kind regards,

Lyndon, Maria, Harriet & our award winning team
