DANCING COWS AND OPEN FARM SUNDAY

DANCING COWS

This is the third year that we've invited you to join us for Dancing Cow Day and we're always amazed at the turnout.

It's the dairy farmers' favourite day of the year - the day that we let the milking herd back into the fields after spending the winter indoors.

Due the wet weather we've had to keep the girls indoors for 6 weeks longer than usual so they couldn't wait to get back out to that lush green grass.

Families turned up in great numbers to witness the amazing spectacle for themselves.

In addition to our visitors over 170,000 people all over the world have

viewed the video that the BBC posted on their website of the cows skipping, jumping, frolicking and playing.

Our next big farm event is our annual Open Farm Sunday in June.

OPEN FARM SUNDAY

Come and take a look behind the scenes of a working organic farm on Open Farm Sunday 10th June, 10am-4pm

See what it's like to be an organic farmer and find out more about where your food actually comes from.

Experience the sights and sounds of the farmyard, get close up to the animals and watch the cows being milked in the milking parlour.

See the new tractors,

machinery and equipment that we use on the farm today as well as displays of vintage farm machinery from years gone by.

Farm tours and tractor & trailer rides taking place throughout the day.

Why not bring your own picnic and a good idea to bring your wellies too! Just in case!

Follow the signs to the Open Farm Sunday car park at the farm.

Entry is free.

Kind regards,

Lyndon, Maria, Harriet & our award winning team
